

# cFocus Software Incorporated

Custom-solutions Focused. Customer Focused.

## Our Mission

cFocus Software Incorporated—a certified participant in the SBA 8(a) Business Development program—is dedicated to saving you time and money. How do we do it? We create custom software solutions and provide custom IT services that allow you to work more efficiently.

## Our Approach

Custom solutions and services start with a deep understanding of your business processes, workflows, goals and issues. We document your criteria and examine the appropriate technology options to address them. The end result is a set of customized solutions and services that meets your needs: we create solutions and provide services that revolve around you!
